Re: Household Food Insecurity
January 24, 2024
Page 2

Household food insecurity is one of the strongest predictors of poor health, making it a serious public health issue (PROOF, 2023). Individuals who are food insecure are at higher risk of diet-related diseases like diabetes and are at higher risk for a wide range of chronic conditions such as depression and anxiety disorders, arthritis, and chronic pain. Household food insecurity leaves an indelible mark on children's health and well-being (PROOF, 2023). The experience of food insecurity in childhood is associated with mental health concerns throughout childhood and into early adulthood (PROOF, 2023). In Ontario, the healthcare costs of individuals who are the most food insecure can be more than double that of individuals who are food secure (PROOF, 2023, Tarasuk et al., 2015).

Thank you for your attention to this important issue – the solutions for which will not only help many Ontarians in need but also protect the sustainability of our critical health and social services resources.

Penny Sutcliffe, MD, MHSc, FRCPC

BE IT RESOLVED THAT Council for the Corporation of the Municipality of St.-Charles hereby supports the Resolution passed by the Corporation of the Municipality of Calvin on January 30, 2024, regarding provincial and national fire fighting strategy;

AND BE IF FURTHER RESOLVED THAT a copy of this Resolution be sent to Prime Minister, Justin Trudeau; Minister of National Defence, Bill Blair; Premier Doug Ford; Minister of Natural Resources and Forestry, Graydon Smith; Minister of Economic Development, Vic Fideli; the Association of Municipalities of Ontario (AMO); our local Member of Parliament (MP); our local Member of Provincial Parliament (MPP); and all Ontario Municipalities.

Council Resolution

Date: January 30, 2024

Resolution Number: 2024-31

Moved By: Councillor Moreton

Seconded By: Councillor Manson

Background: Before Calvin township became a township, it was burned by numerous forest fires. This was before the time of fire towers, water bombers, and municipal fire departments. A 1881 report from Lawrence Tallan, Provincial Land surveyor, states: *"The township of Calvin has been traversed by repeated and severe fires – so well have the flames done their work that with the exception of an insignificant portion, scarcely a vestige of the original timber remains."*

History has a way of repeating itself, and now rural municipalities and remote areas need more than ever to be prepared to respond to forest fires. Invasive pests like the emerald ash borer and the spruce bud worm are killing large numbers of trees, leaving copious amounts of dry kindling in our forests just waiting for a careless human or a lightning strike. Our forests are choked with deadfall and forest fires are becoming increasingly difficult to control. Add to this the effects of rising temperatures and drier seasons, or climate change, and we could be facing increasingly disastrous forest fires. This is not the time to be caught short with limited forest fire-fighting resources.

Jordan Omstead of the Canadian Press recently wrote: "But as Canada's water bombers age – and wildfire seasons are expected to intensify – some wildland

firefighters and emergency preparedness experts say the country needs to prop up its fleet of firefighting aircraft, even though several provinces are playing down concerns about capacity.” He quotes Eric Davidson, president of the Ontario Professional Association of Wildland Firefighters, “We’re really starting to see the effect of the aging fleet.”

The article further states the John Gradek, lecturer at McGill University estimates that almost half of the larger water bombers used to fight Canadian forest fires are nearing the end of their service life.

However, a Canadian company making a large skimmer-style water bomber is backed up with orders from European countries until the end of the decade.

Ontario has its own fleet of aircraft. They have 20 fixed-wing aircraft which includes 9 CL215 and CL415 water bombers that are 24 years old on average. The remaining 11 aircraft are an average of 54 years old. Melissa Candelaria, a spokesperson for Minister Graydon Smith says the MNR can handle Ontario fires with these aircraft, but Jennifer Kamau, communications manager for the Canada Interagency Forest Fire Centre, CIFFC, noted that other provinces contract out firebombers and last year there was a strain in Canada to get the resources to areas in need because there were so many fires across the country at the same time and very few aircraft available.

Peter Zimonjic of the CBC quoted the Canadian Association of Fire Chiefs (CAFC) President Ken McMullen, “It's not often that the fire chiefs sound the alarm. We are very concerned about this impending crisis that the summer of 2024 and beyond is going to bring our sector.”

In 2023 we all smelled the smoke and saw the sky turn brown. Buildings can be replaced, but lives cannot. And once an area is burned it takes more than a lifetime for it to return to its original state.

WHEREAS Forest fires are a very real threat to rural municipalities.

AND WHEREAS smoke from forest fires put people's health at risk. This is especially true of children and the elderly. The David Suzuki Foundation reports that wildfires kill many thousands of people per year and most of the deaths are from smoke inhalation.

AND WHEREAS forest fires are a very real danger to the climate and according to The Guardian, in 2023 they emitted three times as much carbon as the entire carbon footprint of Canada.

AND WHEREAS according to the John Crace interview in The Guardian with William Kurz, a retired scientist with Natural Resources Canada, around two billion tonnes of carbon have been released into the atmosphere from forest fires in 2023.

AND WHEREAS carbon emissions from forest fires are not counted against Canada's Paris agreement commitments, according to Kurz, but they far exceeded all of the emissions tied to Canada's economy (670 mega tonnes, or 0.67 billion tonnes, according to Environment and Climate Change Canada).

AND WHEREAS that standing healthy forest serves as a carbon sink, drawing in carbon, but once destroyed by fire, even though second growth takes its place, it is much less effective for many decades.

AND WHEREAS the federal government owns no water bombers and assists the provinces through the CIFFC, Canadian Interagency Forest Fire Centre, a spokesperson with CIFFC says that last year there were too many requests and not enough inventory to meet the needs of the country.

AND WHEREAS as reported by De Havilland Canada who manufacture the Canadian made water bomber, they have contracts with European countries for the next 22 of its new DHC-515 planes, which will take until 2029 or 2030 to complete and there will be very little production available to replace the aging water bombers in Ontario and the rest of Canada.

NOW THEREFORE BE IT RESOLVED THAT the council of the Corporation of Calvin Township urges and encourages the Federal Government to commit additional funds for cost sharing of provincial firefighting and to consider the development of a national strategy of firefighting. Furthermore, we urge the federal government to consider the measures necessary for acquiring a national fleet of Canadian-made waterbombers, with home bases strategically located to best serve and respond to the needs of rural communities, and a national fire administration to better coordinate and manage efforts across the country. We also encourage the introduction of a program similar to the Joint Emergency Preparedness Program (JEPP) which was ended in 2013.

And we encourage Minister Graydon Smith to step up the on-the-ground firefighting capability and water bomber acquisitions in Ontario.

AND THAT this resolution be forwarded to The Right Honourable Justin Trudeau, Prime Minister of Canada, The Honourable Bill Blair, Minister of National Defence, The Honourable Doug Ford, Premier of Ontario, The Honourable Graydon Smith, Minister of Natural Resources and Forestry of Ontario, The Honourable Vic Fideli, Minister of Economic Development Ontario, the Federation of Canadian Municipalities (FMC) and the Association of Municipalities Ontario (AMO).

AND THAT this resolution be shared with all 444 municipalities in Ontario for their consideration and adoption.

BE IT RESOLVED THAT Council for the Corporation of the Municipality of St.-Charles hereby supports the Resolution passed by the Corporation of the City of Cambridge on February 13, 2024, regarding catch and release justice;

AND BE IF FURTHER RESOLVED THAT a copy of this Resolution be sent to Prime Minister, Justin Trudeau; Minister of Justice and Attorney General of Canada, Arif Virani; Attorney General of Ontario, Doug Downey; Ontario Solicitor General, Michael Kerner; Premier Doug Ford; the Association of Municipalities of Ontario (AMO); our local Member of Parliament (MP); our local Member of Provincial Parliament (MPP); and all Ontario Municipalities.

Re: Catch and Release

At its Council Meeting of February 13, 2024, the Council of the Corporation of the City of Cambridge passed the following Motion:

WHEREAS this council believes that the safety of our community and its protection from crime in all its forms is of utmost importance.

WHEREAS our taxpayer-funded judicial system exists to protect the public, who in return for their tax dollars are entitled to a system that works.

WHEREAS the number of charges laid for failure to comply with court orders – primarily failure to comply with the terms of a promise to appear, undertaking, recognizance, probation order, or peace bond – are steadily on the rise in the province of Ontario.

WHEREAS there has been a notable increase in the number of violent offences committed in the province of Ontario by individuals who are concurrently subject to release orders.

WHEREAS the Ontario justice system is backlogged, court systems under strain, and police and prosecutors overwhelmed by their caseloads.

WHEREAS we have seen a dramatic lowering of the threshold for release, resulting in violent, serious, or repeat offenders who should by rights have been reasonably detained in custody, released on supervision plans that are increasingly deficient.

WHEREAS the general sense among the criminal population is that breaching bail conditions will not result in much by way of consequence for the offender, as evidenced by a clear pattern province-wide of unjustifiable release, a pattern which is bound to continue given insufficient resources to conduct Crown bail reviews, surety bond estreatment hearings, and ensure the subsequent collection of surety bond funds after judgment.

WHEREAS a 'catch and release' system constitutes a failure of government to perform a core function of its existence, that being the protection of public safety and that this failure constitutes a clear and present danger to the public.

WHEREAS the current hard drug crisis has contributed to a desperate criminal element that is exacting a significant financial and emotional toll on communities across Canada including Cambridge.

WHEREAS our police services are being demoralized by expending precious time and resources having to manage the repeated arrests of these habitual criminal offenders within a system that limits their ability to effectively protect the public.

AND WHEREAS this ineffective follow-through by our judicial system unfairly erodes the public’s trust in our police services, who consequently become the target of frustrated and angry residents who feel they are no longer being protected from crime.

AND WHEREAS the increasing erosion of public faith and trust in our judicial system ultimately brings the administration of justice in the province of Ontario into disrepute and leads to a growing feeling amongst residents that they are no longer protected by a system perceived to prioritize the rights and freedoms of the criminal over the rights and safety of themselves and their families.

NOW THEREFORE BE IT RESOLVED, that the City Clerk for the City of Cambridge send a letter to the Right Honourable Justin Trudeau, Prime Minister of Canada, the Honourable Arif Virani, Minister of Justice and Attorney General of Canada, Attorney General of Ontario Doug Downey, Ontario Solicitor General Michael Kerzner, the Honourable Doug Ford Premier of Ontario, MP Bryan May, MP Valerie Bradford, MPP Jess Dixon, MPP Bryan Riddell, Police Chief Mark Crowell, Waterloo Regional Police Service, all Ontario Police Associations and Police Departments, Ontario Provincial Police, all Ontario MPPs and MPs, and all municipalities throughout Ontario for their endorsement consideration, requesting additional funding in Ontario’s legal system to support a meaningful resistance to the current “catch and release” practice, including hiring sufficient court staff, with a specific focus on additional assistant Crown Attorneys.

Should you have any questions related to the approved resolution, please contact me.

Danielle Manton

Dear Prime Minister:

Re: Carbon Tax

At its meeting held on January 15, 2024, Sarnia City Council adopted the following resolution:

Whereas the federal government recently increased the carbon tax in April 2023 and will almost triple it by 2030; and

Whereas the Parliamentary Budget officer has admitted that when fiscal and economic impacts of the federal fuel charge are considered that the vast majority of households will see a staggering loss; and

Whereas this tax flows through from producers to transporters to the grocery store floor for our citizens; and

Whereas this tax does very little to reduce pollution and emissions; and

Whereas two thirds of Canadians are approximately \$200 away or less from not being able to pay all their bills at the end of the month; and

Therefore, be it resolved that Sarnia City Council write a Letter to the Federal government (and copied to other Municipalities for their consideration) strongly urging them to cancel the carbon tax which is financially hurting our citizens at a time

when affordability concerns are at an all-time high to ease the financial and inflationary pressure on our Citizens.

Dear Sir:

Re: Intimate Partner Violence and Coercive Control

Please be advised that at its April 8, 2024 City Council meeting, Sault Ste. Marie City Council passed the following resolution:

Whereas the jury that heard the Carol Culleton, Anastasia Kuzyk, and Nathalie Warmerdam inquest (The Renfrew County Inquest) issued 86 recommendations to prevent future deaths and delivered those recommendations to the Province of Ontario; and

Whereas recommendation #85 of the inquest is to include "coercive control", as defined in the *Divorce Act*, as a criminal offence or as a type of assault under section 265 of the *Criminal Code*; and

Whereas according to experts, a perpetrator has privileged access to information about the target by virtue of the closeness of an intimate relationship and, as such, is able to identify unique vulnerabilities that can be exploited for coercive control; and

Whereas Coordinating Community Responses to Domestic Violence cites scholars and advocates in the field have consistently described intimate partner violence as both an expression of, and an attempt to maintain, power and control over intimate partners; and

Whereas in 2019, according to the Government of Canada, of the 107,810 people aged 15 and over who experienced intimate partner violence 79% were women. 55% of women who experienced physical or sexual intimate partner violence feared a partner at some point. Being afraid of a partner can indicate intimate partner violence that is more coercive, more severe, and more likely to reflect a pattern of abusive behaviours; and

Whereas between 2014 and 2019 in Canada, there were 497 victims of intimate partner homicide, and 80% (400 victims) were women; and

Whereas while Indigenous women account for about 5% of all women in Canada, they accounted for 21% of women killed by an intimate partner between 2014 and 2019 (83 victims). In 2021, the rate of gender-related homicide of Indigenous women and girls was more than triple that of gender-related homicides of women and girls overall (1.72 versus 0.54 per 100,000 women and girls); and

Whereas the Government of Canada names coercive control as one of the acts included in intimate partner violence, but does not include coercive control as an offence contained within the *Criminal Code* of Canada* and

Whereas Bill C332, a private member's bill to amend the Criminal Code to create an offence of exercising coercive control of an intimate partner by engaging in a pattern of conduct that consists of any combination, or any repeated instances, of any of the following acts: using, attempting to use or threatening to use violence against certain persons, coercing or attempting to coerce the intimate partner to engage in sexual activity or engaging in other conduct that could reasonably be expected to cause the intimate partner to believe that their safety, or the safety of a person known to them, is threatened**

Now Therefore Be It Resolved that the Sault Ste. Marie City Council express its support for Bill C-332 as well as call on the Government of Canada to support Bill C-332 and enact the necessary amendments to the *Criminal Code* of Canada to include coercive control of an intimate partner; and

DELIVERED VIA EMAIL

Dear Premier Ford,

Re: Motion regarding Affordability of Water and Wastewater Rates

Please be advised that at its regular meeting of April 9, 2024, Loyalist Township Council passed the following resolution:

Resolution 2024-77

Moved by Councillor Willis
 Seconded by Councillor Parks

WHEREAS a resolution passed by the County of Renfrew regarding the unaffordability of rural and small urban water and wastewater systems has been circulated to all municipalities in Ontario; and

WHEREAS due to the typical geography of rural Ontario, it is not unusual for smaller municipalities to be responsible for several treatment facilities; and

WHEREAS the costs associated with the operations, upkeep and upgrade of a number of treatment facilities and other infrastructure to meet provincial regulations in both environmental and financial planning capacities for smaller urban centers, which typically has a much lower population density per total kilometers of water and sewer as compared to larger municipalities, is a significant financial burden on system users for this essential necessity;

NOW, THEREFORE BE IT RESOLVED THAT the Council of the Corporation of Loyalist Township supports the County of Renfrew's request to the Association of Municipalities of Ontario (AMO), the Rural Ontario Municipalities Association (ROMA) and the Federation of Canadian Municipalities (FCM) to examine if the unaffordability of water and wastewater system operational costs is systemic provincially and nationally;

AND THAT if the unaffordability is determined to be systemic, provincial and federal governments appropriately fund an assistance program for smaller municipalities with financial oversight of drinking water and wastewater systems;

AND THAT a copy of this resolution be circulated to the Honourable Doug Ford, Premier of Ontario; the Honourable Kinga Surma, Minister of Infrastructure; the Honourable Paul Calandra, Minister of Municipal Affairs and Housing, the Honourable Andrea Khanjin, Minister of the Environment, Conservation and Parks, Ric Bresee, MPP Hastings - Lennox & Addington; the Association of Municipalities of Ontario; the Rural Ontario Municipal Association; and the Federation of Canadian Municipalities.

Motion carried.

RE: Township of Adelaide Metcalfe – Request to Increase Tile Drain Loan Limit

Dear Minister Thompson,

On March 18, 2024, the Township of Adelaide Metcalfe Council approved the following resolution:

WHEREAS farm drainage is of paramount importance in Ontario due to its significant impact on agricultural productivity and sustainability. WHEREAS improved drainage also facilitates timely field operations, reduces erosion, and minimizes nutrient runoff, contributing to environmental conservation efforts;

WHEREAS Ontario's diverse agricultural landscape, where weather variability is common, well-maintained drainage systems play a crucial role in ensuring stable yields, economic viability, and long-term resilience for farmers across the Province;

WHEREAS the Tile Loan Drainage Act, R.S.O 1990, c. T.8 allows for the borrowing of money for the purpose of constructing drainage works;

WHEREAS the maximum annual limit for these loans, unchanged since 2004, is currently set at \$50,000.

WHEREAS costs for Tile Drainage has increased markedly since 2004;

NOW THEREFORE the Council of the Township of Adelaide Metcalfe requests that the Province through the Ministry of Agriculture, Food and Rural Affairs (OMAFRA) consider increasing the maximum annual Tile Loan limit to a minimum of \$100,000.

Resolution #24-12-02 – Urging the Government to Promptly Resume Assessment Cycle

The Council of the Corporation of the Municipality of Huron Shores passed Resolution #24-12-02 at the Regular Meeting held Wednesday, April 10th, 2024, as follows:

“WHEREAS the assessment cycle is an essential process for maintaining the fairness and predictability of property taxes in our province;

AND WHEREAS the pause in the reassessment cycle has created uncertainty and instability in property taxation, impacting both residential and commercial property owners;

AND WHEREAS the government has delayed an assessment update again in 2024, resulting in Ontario’s municipalities continuing to calculate property taxes using 2016 property values;

AND WHEREAS both current and outdated assessments are inaccurate, increase volatility, and are not transparent;

AND WHEREAS frequent and accurate reassessments are necessary to stabilize property taxes and provide predictability for property owners, residents, and businesses alike;

AND WHEREAS the staff at the Municipal Property Assessment Corporation would benefit from further skills enhancement and training in assessments, recognizing the importance of ensuring accurate evaluations for 100% of our municipality;

AND WHEREAS the Government has announced a review of the property assessment and taxation system with a focus on fairness, equity, and economic competitiveness, and therefore further deferring new property assessment;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Huron Shores hereby calls upon the Premier to promptly resume the assessment cycle to ensure the stability and predictability of property taxes while the Government conducts its review of the property assessment and taxation system, or respond with an alternative method for every municipality in Ontario to achieve fair taxation;

AND THAT all Municipalities in Ontario and their constituents are encouraged to apply pressure to the Premier, daily, weekly, and monthly, to resolve the situation before it causes undo stress to everyone in the Municipality;

AND THAT a copy of this resolution be forwarded to the Premier, the relevant provincial authorities, the Municipal Property Assessment Corporation, and all municipalities in Ontario for their consideration, to make proper changes as quickly and efficiently as possible.”
