The Honourable Doug Ford
Premier of Ontario
Legislative Building, Queen's Park
Toronto, ON M7A 1A1

Dear Honourable Doug Ford:

RE: Town of Lincoln Council Resolution – Urgent Need for Increased Funding to Libraries and Museums in Ontario

Please be advised that the Council of the Corporation of the Town of Lincoln at its Council Meeting held on February 26, 2024, passed the following motion regarding an Urgent Need for Increased Funding to Libraries and Museums in Ontario:

Resolution No: RC-2024-23
Moved by Mayor Easton; Seconded by Councillor Mike Mikolic

WHEREAS the provincial funding for public libraries is currently based on population levels from 25 years ago, which fails to reflect the substantial growth and changing needs of our communities. The Town of Lincoln Council wishes to draw your attention to the "Overdue" report of 2023 from the Canadian Urban Council, which emphasizes the pivotal role libraries play in various aspects of community life, including knowledge distribution, culture, health, reconciliation, belonging, and our democracy; and

WHEREAS libraries, situated at the heart of our communities, serve as multifaceted institutions catering to diverse needs. They provide essential services such as access to culture and information, refuge for those experiencing domestic violence, election information centers, job search facilities, health clinics, language learning centers for newcomers, and spaces for educational and community events. Despite their vital role, public libraries in Ontario have not seen an increase in provincial funding for over 25 years, leading to a decrease in the value of the province's investment by over 60%; and

WHEREAS the Town of Lincoln Council urges the Provincial Government to

consider increasing provincial funding for Ontario's public libraries to address critical shared priorities and community needs. While over 90% of library funding comes from local municipal governments, provincial operating funding is crucial for providing stability to library budgets, especially in times of inflation, technological changes, and increasing demands on libraries as community hubs; and

WHEREAS the Town of Lincoln Council would like to bring to the Provincial Government's attention the pressing need to increase the funding envelope for the Community Museum Operating Grant (CMOG). The Town of Lincoln currently receives \$25,000 annually, the maximum amount through this grant, but the funding envelope has remained stagnant for over 15 years. This limitation hampers the ability of community museums to offset increasing operational expenses, impacting their role in preserving and promoting local stories, attracting cultural tourists, supplementing school curriculum, and contributing to vibrant and vital communities; and

WHEREAS the Lincoln Museum and Cultural Centre is a community hub critical to the health and vibrancy of our community. An increase in CMOG funding will enable our museum to continue its valuable service to the community, creating a sense of place, attracting cultural tourists, and preserving local stories that define our unique identity; and

WHEREAS Cultural institutions, particularly museums, play a vital role in shaping and preserving our community's identity. They contribute to tourism, social participation, senior well-being, skill-building, and learning. As the largest government funder for most of Ontario's smaller museums, municipalities create value in their communities through the work of these institutions.

THEREFORE, BE IT RESOLVED THAT the Town of Lincoln Council urges the Provincial Government to support increasing funding to both public libraries and community museums. Recognizing these institutions as national assets and strategically investing in their potential will contribute significantly to renewing post-pandemic social cohesion, economic well-being, and community resilience; and

BE IT FURTHER RESOLVED THAT this resolution be circulated to the Province, the Minister of Tourism, Culture and Sport, Association of Municipalities of Ontario (AMO), the Niagara Region, the 12 Local Area Municipalities in Niagara and all municipalities of Ontario for endorsement.

CARRIED

Re: Schreiber's Wastewater Treatment Plant

Dear Hon. Patty Hajdu,

I am writing to you today to request a meeting in person regarding our Wastewater Treatment Plant along with Mayor Mullins and Cllr. Bourgeault. The Schreiber Wastewater Treatment Plant was initially built in 1974 with only one Clarifier. In 1989 a second Clarifier was built in addition to some plant components, such as a chlorine contact chamber. The plants served the community well until recently when regulations changed. The practice of chlorinating effluent at wastewater plants has been around since the early 1900's. However, around 1999, new regulations came into effect that require wastewater plants to dechlorinate before discharging wastewater back into the environment.

The Practice of dechlorinating was a financial burden most communities were not able to bear. It became acceptable to implement temporary measures to dechlorinate effluent discharge at a reasonable cost. Unfortunately, Wastewater plants in many communities have adopted this temporary fix as a normal practice. Recently communities have been made aware that this temporary fix will no longer be tolerated, and permanent treatment practices must be adopted by 2026. Inspections of wastewater plants will again become the focus for inspectors starting this year for the first time in a decade.

In 2022, the Schreiber Town Council of the day started the process of UV disinfection. The Township hired EXP Services Inc, to prepare a design brief for the installation of the UV disinfection and the projected annual cost of operating the system. With a deadline for a permanent solution fast approaching in 2026, the Township has turned their focus to a permanent solution using chemicals to dechlorinate. This "Chemical in a Box" can be designed and installed for approximately **one million dollars (\$1,000,000.00)** with an annual operating budget of **twenty-seven thousand dollars (\$27,000.00)**. The UV solution is approximately **five million dollars (\$5,000,000.00)** to install with an annual operating budget of **ten thousand dollars (\$10,000.00)**. This initial installation cost of both is beyond reach for the Township so the lessor of the two (2) options is our only choice despite a higher annual operating cost. The Township is still working on finding the money for this project.

Notes/Comments:	

CORPORATION OF THE
TOWNSHIP OF SCHREIBER
CAO/CLERK

In 2021, the plant underwent an electrical inspection and the classification of the plant changed to a class 4. This means that all the electrical components in the plant must be changed to explosion proof components. This change was necessary due to the moist environment and gases produced by the process. Since the cost was astronomical for the Township, a decision was made to do the Electrical Safety Authority (ESA) upgrade in 4 phases.

The first phase was completed in 2022 for **one hundred eighty-one thousand five hundred dollars (\$181,500.00)**. In 2023, the prices for all the parts were almost double because of COVID. As a result, phase 2 price tag exceeded what was budgeted in 2023, so nothing was done.

In 2024, the ESA inspector requested a meeting with the Township of Schreiber to discuss the outstanding issues with the Wastewater Treatment Plant. The ESA has been more than patient with the Township as the normal practice is **30 days** to comply. We are required to have the Wastewater plant brought up to a Class 4 standard by the end of 2024. This endeavor will cost the Township approximately **one million dollars (\$1,000,000.00)**. The Township is using the OTF money to cover this expense and borrowing the balance until the 2025 allocation is received.

As you can see in the attached spreadsheet, the electrical issue at the plant continues to present urgent situations from "dirty power" and corroded components. Electrical components continue to fail such as breakers, pumps, motors, receptacles, lights, heaters, the list is endless. These urgent repairs continue to put strains on the reserve funds.

Due to the age of the plant, the breakdowns are not only associated with the electrical issues. We have experienced breakdowns in the air distribution system, where confined entries are required to patch pipes under the plant. Currently we are experiencing a breakdown with clarifier 1. There seems to be a concrete failure on the wall separating the clarifier and the digester. This breakdown is preventing the sludge from being bagged properly. The clarifier will need to be pumped down and a concrete specialist brought in to examine the wall to see if repair is possible. We are unclear at this point about the cost of repair, but we anticipate somewhere around **one hundred thousand dollars (\$100,000.00)**. We are currently investigating this urgent matter.

With mechanical breakdowns, electrical issues, and structural failures, the process of treating wastewater cannot be maintained. Sludge cannot get bagged due to the excess water from the structural failure. The lack of air in the process while we wait for the new blower and VFD to be installed. The Non-Compliance incidents that we have had to report have put Schreiber on the short list to be among the first inspections. The repairs and regulations that we are aware of will most certainly put a financial strain on the Township that a small resident tax base will never be able to sustain. The Non-Compliance reports have totaled **thirteen (13)** just since **March of 2024**.

CORPORATION OF THE
TOWNSHIP OF SCHREIBER
CAO/CLERK

The bagging system at the wastewater plant is the original installed in 1974. The system has been obsoleting for many years now, so parts are no longer available. When breakdowns occur, custom parts are made by an out-of-town welding shop. This translates into long down times while parts are manufactured. The system does not work well anymore so it requires constant manpower to ensure it continues to bag. This puts an incredible strain on staffing already faced with shortages. The bagging system needs to be upgraded as soon as possible since this process contributes to the Non-Compliance issues. This new system is also going to cost the Township another **million dollars (\$1,000,000.00)** plus.

As you can see on page 5 of this correspondence the Township has endured **one point five million dollars (\$1,518,061.34)** in unexpected repairs over the last **five and a half (5.5) years**. Aging infrastructure and little assistance are hemorrhaging small Municipalities all over the Province. It is imperative that the Provincial and Federal Governments step up to financially relieve the heavy burdens on small Municipalities.

We are reaching out to you today to discuss such EMERGENT issues and how the Provincial and Federal Governments are going to step up to plate and provide much needed financial assistance to assist with their mandated Regulations. To cover these essential upgrades small Municipalities will need to tax their residents to death to cover such costs.

I look forward to hearing back from you with a time for a scheduled meeting to discuss options available to small Municipalities with such emergent issues as I have described above.

Kind Regards,

Rhonda Smith

Dear Minister Piccini:

Re: Regulations for the Importation and Safe Use of Lithium-ion Batteries

I am writing today to bring to your attention a matter of significant importance to the Township of Otonabee-South Monaghan, regarding the importation and safe use of lithium-ion batteries.

At the June 17, 2024 Council Meeting the Fire Chief of the Township of Otonabee-South Monaghan made a presentation to Council on the dangers presented by lithium-ion batteries. The Fire Chief was reporting back from attending the Charged For Life Symposium presented by the Office of the Fire Marshal.

During the presentation, the Fire Chief stressed that the increased importation and use of non-Original Equipment Manufacturer (OEM) aftermarket batteries is presenting a significant increase in fire and explosion, putting citizens and responding personnel in danger. These after market batteries are not Underwriter Laboratories of Canada (ULC) certified but can be imported into Canada without any associated regulations.

Unlicensed persons and locations can store and modify lithium-ion batteries in our communities without regulations, providing dangerous conditions within a community. Charging these batteries within the home or multi-unit dwellings can result in larger fires with grave results.

Email: info@osmtownship.ca Telephone: 705.295.6852 Facsimile 705.295.6405
P.O. Box 70 20 Third St Keene, ON K0L 2G0
Visit our website at www.osmtownship.ca or follow us on Twitter @OSMTownship

As Canada becomes more aware of Green Energy solutions, these batteries are used more often, increasing the danger to our communities. We support the Ontario Fire Marshal's program to educate citizens on the danger associated with lithium-ion batteries and encourage every municipality to actively promote safe practices for the use of lithium-ion batteries.

We also call upon all levels of government to enact regulations for the importation, sale, storage, and use of non-OEM or ULC certified lithium-ion batteries.

Thank you in advance for your attention to this very critical issue, and I look forward to your prompt consideration and support.

Please do not hesitate to contact me or our Fire Chief if you require any additional information.

Yours truly,
Township of Otonabee-South Monaghan

Re: Township of North Dundas Council Meeting – July 18, 2024 – Request for the Provincial Government to Recognize the Physician Shortage in the Township of North Dundas.

Please be advised that the Council of the Township of North Dundas, at its regular meeting held July 18, 2024, passed the following resolution:

Moved By: Deputy Mayor Bergeron

Seconded By: Councillor Annable

WHEREAS the state of health care in Ontario is in crisis, with 2.3 million Ontarians lacking access to a family doctor, emergency room closures across the province, patients being de-rostered and 40% of family doctors considering retirement over the next five years; and

WHEREAS it has becoming increasingly challenging to attract and retain an adequate healthcare workforce throughout the health sector across Ontario; and

WHEREAS Ontario municipal governments play an integral role in the health care system through responsibilities in public health, long-term care, paramedicine, and other investments; and

WHEREAS the percentage of family physicians practicing comprehensive family medicine has declined from 77 in 2008 to 65 percent in 2022; and

WHEREAS per capita health-care spending in Ontario is the lowest of all provinces in Canada; and

WHEREAS a robust workforce developed through a provincial, sector-wide health human resources strategy would significantly improve access to health services across the province;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Township of North Dundas urges the Province of Ontario to recognize the physician shortage in the Township of North Dundas and Ontario, to fund health care appropriately and ensure every Ontarian has access to physician care.

Carried

THE CORPORATION OF THE TOWN OF COBALT

June 26, 2024

The Corporation of the Township of Harley
903303 Hanbury Rd
New Liskeard, ON P0J 1P0

Please be advised that at the Regular Meeting of Council on June 25, 2024, the Town of Cobalt adopted the following resolution:

RESOLUTION No. 2024-125

MOVED BY: Councillor Wilcox
SECONDED BY: Councillor Starchuk

WHEREAS the Public Sector Accounting Board (PSAB) establishes accounting standards for the public sector which must be followed by all Ontario municipalities;

AND WHEREAS the Municipal Act, 2001, section 294.1 states that a municipality shall, for each fiscal year, prepare annual financial statements for the municipality in accordance with generally accepted accounting principles for local governments as recommended, from time to time, by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada;

AND WHEREAS PS3280 is a new accounting standard covering asset retirement obligations (ARO) that was approved by PSAB in March 2018;

AND WHEREAS the standard must be applied by all public sector entities who prepare their financial statements under PSAB, including all Canadian municipalities;

AND WHEREAS many small municipalities do not have accountants or engineers on staff to complete the ARO obligations and this major accounting changes will force small municipalities to hire consultants to complete this work and cause a significant financial burden to municipalities;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Corporation of the Town of Cobalt supports the resolutions from the Township of Harley, Coleman Township, Township of Larder Lake, Township of Casey, Township of Hudson & Township of Kerns and hereby calls upon the province of Ontario to provide financial assistance to municipalities to complete the ARO;

AND FURTHER THAT a copy of this resolution be forwarded to the Honourable Paul Calandra, Minister of Municipal Affairs and Housing, the Association of Municipal Clerks and Treasurers of Ontario (AMCTO), the Timiskaming Municipal Association (TMA), the Federation of Northern Ontario Municipalities (FONOM) and all municipalities within the District of Timiskaming.

Municipality of Tweed Council Meeting
Council Meeting

Resolution No. 229
Title: Councillor P. Valiquette
Date: Tuesday, April 23, 2024

Moved by P. Valiquette
Seconded by J. Palmateer

WHEREAS it is apparent that the Ontario Government has overlooked the needs of small rural Ontario;
AND WHEREAS Ontario's small rural municipalities face insurmountable challenges to fund both upfront investments and ongoing maintenance of their capital assets including roads, bridges, water/ wastewater and municipally owned buildings including recreational facilities, libraries and other tangible capital assets;

AND WHEREAS small rural Ontario's operating needs consume the majority of property tax revenue sources;

AND WHEREAS small rural municipalities (of 10,000 people or less) are facing monumental infrastructure deficits that cannot be adequately addressed through property tax revenue alone;

AND WHEREAS in 2015 the provincial government moved to standardized billing for all non-contract J.P.P. (5.1) locations;

AND WHEREAS the Ontario Government has committed \$9.1 billion to Toronto alone to assist with operating deficits and the repatriation of the Don Valley and Gardner Expressway; and \$534 million to Ottawa for the repatriation of Hwy 174;

AND WHEREAS the annual cost of the Ontario Provincial Police, Municipal Policing Bureau for small rural non-contract (5.1) municipalities is approximately \$428 million;

AND WHEREAS this annual cost is significantly less than the repatriation costs of the Gardiner Express Way, the Don Valley Parkway and Highway 174 (Ottawa Region) but provides a greater impact to the residents of the Province overall;

AND WHEREAS this will afford relief to small rural municipalities for both infrastructure and operating needs while having a minimal impact on the provincial budget;

NOW THEREFORE BE IT RESOLVED THAT The Municipality of Tweed call on the Ontario Government to immediately implement sustainable funding for small rural municipalities by reabsorbing the cost of the Ontario Provincial Police Force back into the provincial budget with no cost recovery to municipalities;

AND FURTHER, that Council direct staff to circulate this resolution to Premier Doug Ford (premier@ontario.ca), Minister of Solicitor General, Minister of Finance, and to the Association of Municipalities of Ontario (amo@amo.on.ca) and all Municipalities in Ontario.

Re: Immediate Action Needed To Support Ontario's Forest Sector

Minister Graydon Smith and Associate Minister Nolan Quinn,

Congratulations on your recent appointments within Premier Doug Ford's Cabinet. The Ontario Forest Industries Association (OFIA) looks forward to our productive and continued work together.

Over the last six months, three of Ontario's six pulp and paper mills have permanently closed or idled. Adding to the issue was the closure of a critical softwood pulp market in Quebec. As you know, these facilities served as important consumers of solid-wood byproducts from Ontario sawmills.

The OFIA appreciates the many opportunities we have had to speak with you and senior leadership within Ontario's Ministry of Natural Resources (MNR) and Premier's Office. This includes in-person meetings with members of OFIA's Board Executive Committee on January 19th, March 19th, and May 28th, 2024. During these meetings, the OFIA presented short and long-term actions Ontario could take to address the regional chip and pulpwood market crisis endorsed by the OFIA membership (incl.).

The industry eagerly anticipates government action on this matter, as operating conditions for many have continued to worsen over the past six months. Combined with weak markets for some finished products, many companies struggle to continue their operations. We are now facing an unprecedented challenge in the sector, which could have negative and long-lasting implications for northern and rural communities across Ontario.

Without immediate action in response to OFIA recommendations and, critically, the vetting of potential solutions through the industry to ensure programs truly meet the sector's needs, we fear Ontario could face further curtailments, job losses, and lost economic opportunity.

The OFIA is ready to work with the Ontario government to set the forest products sector on a long-term and stable path towards economic development and prosperity. This includes our

vision of a *Forest Energy Directive* to develop bioheat, district heating, liquid fuels, renewable gases, biocarbon, and electricity generation projects, supporting Ontario's massive forecasted growth in non-emitting energy demands.

We urge you and your colleagues to continue supporting all measures targeting the immediate challenges the Ontario forest sector faces and look forward to future discussions with you.

Sincerely, |

Moved by: [Redacted]	Seconded by: [Redacted]

WHEREAS the state of health care in Ontario is in crisis, with 2.3 million Ontarians lacking access to a family doctor, emergency room closures across the province, patients being de-rostered and 40% of family doctors considering retirement over the next five years; and

WHEREAS it has becoming increasingly challenging to attract and retain an adequate healthcare workforce throughout the health sector across Ontario; and

WHEREAS the Northern Ontario School of Medicine University says communities in northern Ontario are short more than 350 physicians, including more than 200 family doctors; and half of the physicians working in northern Ontario expected to retire in the next five years; and (Northern Ontario only) and;

WHEREAS Ontario municipal governments play an integral role in the health care system through responsibilities in public health, long-term care, and paramedicine and;

WHEREAS the percentage of family physicians practicing comprehensive family medicine has declined from 77⁶ in 2008 to 65 percent in 2022; and

WHEREAS per capita health-care spending in Ontario is the lowest of all provinces in Canada, and;

WHEREAS a robust workforce developed through a provincial, sector-wide health human resources strategy would significantly improve access to health services across the province;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Corporation of the Municipality of Wawa urge the Province of Ontario to recognize the physician shortage in the Municipality of Wawa and Ontario, to fund health care appropriately and ensure every Ontarian has access to physician care.

--	---

Dear Heads of Council and Clerks,

Communities across Ontario have been facing critical healthcare challenges, including long waitlists for primary care, shortages of doctors and other healthcare workers; and emergency room closures. These cracks in Ontario’s health care system are impacting economic development, health, and well-being at the local level.

In response, the Ontario Medical Association (OMA) and the Association of Municipalities of Ontario (AMO) are working collaboratively to advocate for a better healthcare system for Ontario’s residents and communities.

We have jointly developed the attached draft council resolution (Appendix A - Also in PDF and Word Versions), urging the provincial government to recognize the physician shortage in your municipality and the rest of Ontario. By adopting this resolution, your municipality can play a crucial role in highlighting the urgent need for more healthcare resources and support.

AMO is excited to welcome everyone to Ottawa for our annual conference from August 18-21, 2024. We are pleased to inform you that the OMA will be participating at this year’s conference. Along with sponsoring the Rural Caucus Lunch on August 20, the OMA has reserved meeting room at the Fairmont Château Laurier for both August 20 and 21 to meet directly with municipal leaders. During these meetings, we would like to hear what you are seeing on the ground and discuss opportunities to work closer with you. We believe that collaboration between Ontario’s doctors and all 444 municipalities is essential in addressing the healthcare needs of your community.

To set up a meeting with the OMA, please reach out to Tarun.Saroya@OMA.org (Senior Advisor for Government Relations and Advocacy) to book a 15-30 minute time slot at your earliest convenience.

We look forward to your positive response and to working together towards a healthier future for all Ontarians.

Yours sincerely,

Kimberly Moran
 CEO, Ontario Medical

Colin Best
 Association AMO President

Re: Resolution on Water Testing Services for Private Drinking Water

At its regular meeting of Council held on May 15, 2024, the Township of Amaranth Council passed the following resolution concerning Water Testing Services for Private Drinking Water.

Resolution #: 5

Moved by: G. Little

Seconded by: A. Stirk

BE IT RESOLVED THAT:

Whereas the Ontario Auditor General's annual report on public health from December 2023 indicates that Public Health Ontario is proposing the phasing-out of free provincial water testing services for private drinking water; and

Whereas free private drinking water testing services has played a pivotal role in safeguarding public health, particularly in rural communities, including the entire Township of Amaranth, that rely predominantly on private drinking water; and

Whereas the removal of free private drinking water testing could lead to a reduction in testing, potentially increasing the risk of waterborne diseases in these vulnerable populations; and

Whereas the tragic events in Walkerton, Ontario underscored the critical importance of safe drinking water.

Now Therefore Be It Resolved that The Township of Amaranth hereby requests that the Province reconsider and ultimately decide against the proposed phasing-out of free private drinking water testing services.

Further Be It Resolved that this resolution be sent to all Ontario municipalities, Minister of Environment Conservation and Parks, Minister of Health, Wellington Dufferin Guelph Public Health Unit, and MPP Sylvia Jones.

CARRIED

RE: Letter of Support – AMO-OMA

July 31, 2024

Motion110-2024

Moved by Councillor Glenn Locke
Seconded by Councillor Grace Hamm

That Council direct staff to issue a letter of support to AMO and the Ontario Medical Association as requested.

Carried

WHEREAS the state of health care in Ontario is in crisis, with 2.3 million Ontarians lacking access to a family doctor, emergency room closures across the province, patients being de-rostered and 40% of family doctors considering retirement over the next five years; and

WHEREAS it has becoming increasingly challenging to attract and retain an adequate healthcare workforce throughout the health sector across Ontario; and

WHEREAS the Northern Ontario School of Medicine University says communities in northern Ontario are short more than 350 physicians, including more than 200 family doctors; and half of the physicians working in northern Ontario expected to retire in the next five years; and (Northern Ontario only)

WHEREAS Ontario municipal governments play an integral role in the health care system through responsibilities in public health, long-term care, paramedicine, and other investments.

WHEREAS the percentage of family physicians practicing comprehensive family medicine has declined from 77% in 2008 to 65 percent in 2022; and

WHEREAS per capita health-care spending in Ontario is the lowest of all provinces in Canada, and

Victoria Tisdale, Clerk Treasurer
clerk@township.limerick.on.ca
Telephone: 613-474-2863
Fax: 613-474-0478

Nicole Ilcio, Deputy Clerk Treasurer
assistant@township.limerick.on.ca
Telephone: 613-474-2863
Fax: 613-474-0478

WHEREAS a robust workforce developed through a provincial, sector-wide health human resources strategy would significantly improve access to health services across the Province;

NOW THEREFORE BE IT RESOLVED THAT the Council of Township of Limerick urge the Province of Ontario to recognize the physician shortage in the Township of Limerick and Ontario, to fund health care appropriately and ensure every Ontarian has access to physician care.

Sincerely,

Victoria Tisdale

Clerk-Treasurer

Dear Heads of Council and Clerks,

Communities across Ontario have been facing critical healthcare challenges, including long waitlists for primary care, shortages of doctors and other healthcare workers; and emergency room closures. These cracks in Ontario’s health care system are impacting economic development, health, and well-being at the local level.

In response, the Ontario Medical Association (OMA) and the Association of Municipalities of Ontario (AMO) are working collaboratively to advocate for a better healthcare system for Ontario’s residents and communities.

We have jointly developed the attached draft council resolution (Appendix A - Also in PDF and Word Versions), urging the provincial government to recognize the physician shortage in your municipality and the rest of Ontario. By adopting this resolution, your municipality can play a crucial role in highlighting the urgent need for more healthcare resources and support.

AMO is excited to welcome everyone to Ottawa for our annual conference from August 18-21, 2024. We are pleased to inform you that the OMA will be participating at this year’s conference. Along with sponsoring the Rural Caucus Lunch on August 20, the OMA has reserved meeting room at the Fairmont Château Laurier for both August 20 and 21 to meet directly with municipal leaders. During these meetings, we would like to hear what you are seeing on the ground and discuss opportunities to work closer with you. We believe that collaboration between Ontario’s doctors and all 444 municipalities is essential in addressing the healthcare needs of your community.

To set up a meeting with the OMA, please reach out to Tarun.Saroya@OMA.org (Senior Advisor for Government Relations and Advocacy) to book a 15-30 minute time slot at your earliest convenience.

We look forward to your positive response and to working together towards a healthier future for all Ontarians.

Yours sincerely,

Kimberly Moran
 CEO, Ontario Medical

Colin Best
 Association AMO President

Appendix A:

WHEREAS the state of health care in Ontario is in crisis, with 2.3 million Ontarians lacking access to a family doctor, emergency room closures across the province, patients being de-rostered and 40% of family doctors considering retirement over the next five years; and

WHEREAS it has becoming increasingly challenging to attract and retain an adequate healthcare workforce throughout the health sector across Ontario; and

WHEREAS the Northern Ontario School of Medicine University says communities in northern Ontario are short more than 350 physicians, including more than 200 family doctors; and half of the physicians working in northern Ontario expected to retire in the next five years; and (Northern Ontario only)

WHEREAS Ontario municipal governments play an integral role in the health care system through responsibilities in public health, long-term care, and paramedicine.

WHEREAS the percentage of family physicians practicing comprehensive family medicine has declined from 77 in 2008 to 65 percent in 2022; and

RE: SUMMARY OF 2023-2024 TRCA POLICY CONSULTATION SUBMISSIONS

Toronto and Region Conservation Authority's (TRCA) Board of Directors is pleased to have endorsed the [Summary of 2023-2024 TRCA Policy Consultation Submissions](#) at its meeting on June 21, 2024, adopting Resolution A#108/24 as follows:

WHEREAS in 2023 and to date in 2024, TRCA submitted letter responses to senior level governments on several legislative, regulatory and policy consultation initiatives relevant to TRCA programs and services;

THEREFORE, LET IT BE RESOLVED THAT the TRCA staff report on a summary of TRCA policy consultation submissions in 2023 through to May 2024, be received;

AND FURTHER THAT the Clerk and Manager, Policy, so advise municipal partners and Conservation Ontario.

The report provides a summary of Toronto and Region Conservation Authority (TRCA) submissions on federal and provincial legislative, regulatory, or policy initiatives relevant to TRCA interests from January 2023 to May 2024, for the information of TRCA Board of Directors.

A copy of the report and appendices are enclosed for your convenience. If you have any questions or require additional information, please contact Mary-Ann Burns, Senior Manager, Planning Policy and Regulation at maryann.burns@trca.ca or (437) 880-2299.

Sincerely,

Joanne Hyde
