

## **Resolutions from Advisory Committees**

### **Durham Active Transportation Committee**

#### 1. Cycling Infrastructure Measurement Guidelines

That we recommend to the Planning and Economic Development Committee for approval and subsequent recommendation to Regional Council:

Whereas Durham Region has in place an approved Regional Cycling Plan;

And whereas the Province of Ontario has established cycling facilities guidelines referred to as Ontario Traffic Manual Book 18 (OTM Book 18) which are consistent with the intent of the Highway Traffic Act with respect to municipal roads and infrastructure;

And whereas the Province of Ontario has established bicycle traffic signals guidelines referred to at Ontario Traffic Manual Book 12A (OTM Book 12A), which is recommended to be used in conjunction with OTM Book 18;

And whereas the paved shoulders and buffered bicycle lanes identified in the Active Transportation Combined Projects 2022 summary presented to the Durham Active Transportation Committee on June 08, 2023 are non compliant to the established guidelines and not cycling improvements; and

Now therefore it be resolved that the Durham Active Transportation Committee request all new and retrofit legacy Durham Region cycling infrastructure construction – as identified in the Regional Cycling Plan – comply with OTM Book 18 and OTM Book 12A design guidelines which includes both signage and applicable pavement markings for both on-road and in boulevard multi-use-trails for inclusion as completed cycling projects.
