Subject: Re: application OPA 2022-005

To whom this concerns,

Please accept this email in support for the group of us who share great concerns regarding the application OPA 2022-005 to amend official plan to allow resort of Thorah Park Blvd. I am also a full time resident at 24675 Thorah Park Blvd. I will be attending the meeting on January 10 2023.

Please continue to provide updates as they arise.

Regards,
Connie Drago

Dear Sir/Madam;

I am submitting the attached questions and issues for consideration at the meeting regarding the application OPA 2022-005 to amend the official plan to allow a resort ON Thorah Park Blvd.

I am a permanent resident of Thorah Park Blvd and along with many of my neighbors we are very very concerned about the significant negative impacts a development of this size will have on our small rural residential community.

This is totally inconsistent with the community and with the official plan. High value/highly taxed rural residential properties will suffer in many ways as outlined in my list of questions and issues.

Please circulate this as needed. I will be attending in person the Jan 10 2023 meeting and am hopeful there will be answers to our questions and responses to our issues at this time.

Thank you for your assistance.

Regards

Donald W Millett P.Eng.
24770 ThoraK Park Blvd.
Beaverton Ontario
