Dear Premier Ford:

Please be advised that Council of the Corporation of the City of Pembroke passed the following resolution at its meeting of April 2, 2024:

Resolution #011 (April 2, 2024)

Moved by Deputy Mayor Brian Abdallah

Seconded by Councillor Troy Purcell

Whereas the well-being of our community members is of paramount importance, and addressing mental health and substance use disorder is crucial for the overall health and safety of all our residents; and Whereas the County of Renfrew, like many other regions, faces significant challenges related to mental health and addiction, with individuals and families grappling with the devastating impact of these conditions; and Whereas timely access to specialized treatment and residential rehabilitation services and transitional housing is essential for those struggling with mental health issues and substance use disorders; and Whereas we need to address the urgent need for additional treatment beds, especially for adults requiring intensive supports, and to improve access to care in rural, Northern, and Indigenous communities; and Whereas the number of drug-related deaths in the County of Renfrew, as a whole, is on the rise underscoring the critical importance of accessible treatment options for those at risk of negative impacts including overdose and death; and

Whereas the establishment of a mental health, drug addiction treatment and residential rehabilitation facility serving the County of Renfrew would provide the following benefits:

1. Local Accessibility: Residents would have access to specialized services without the burden of traveling long distances, ensuring timely intervention and continuity of care.
2. Holistic Approach: The facility could offer integrated care, addressing both mental health and substance use disorders concurrently, thereby improving outcomes for clients.
3. Community Support: By providing a safe and supportive environment, the facility would contribute to reducing stigma and fostering community understanding of mental health and addiction.
4. Collaboration with Existing Services: The facility could collaborate with existing community organizations, healthcare and social service
