- Medical Priority Dispatch System (MPDS)

T. Cheseboro responded to questions from the Committee with regards to whether the high volume of urgent and life-threatening calls, reported as codes 3 and 4, is indicative of the health of the community; what advancements can be made to improve the offload delay at Lakeridge Health Oshawa; the significant difference in overdose cases occurring in the City of Oshawa compared to the other local area municipalities; approaches that can be taken to reduce the number of overdose calls in the City of Oshawa; whether Suboxone and other treatment options have been considered to treat individuals suffering from severe opioid addictions; the amount of overdose and mental health related calls from individuals who have sought emergency services on multiple occasions, and whether this information is documented; whether future paramedic stations will mimic the design of the Seaton Paramedic Response Station; and whether there is a community paramedicine team that operates out of Enniskillen Fire Station 5 in Clarington.

General discussion ensued with regards to an individuals' right to decline medical attention and how it impacts the healthcare system; and the necessary supports that are required to recover from addiction and mental health issues.

Following a question from Regional Chair Henry with respect to data collection for response calls from individuals dealing with addiction and mental health issues, Dr. Kyle advised that the Mental Health and Addictions Centre of Excellence is developing a data management system and advised that staff will undertake to investigate what data will be collected through this system and report back to the Committee at a later date.
