Whereas conservation authorities serve a critical function in safeguarding Ontario's natural heritage, overseeing watershed management, mitigating flood risks, and advancing climate resilience;

And whereas the Province of Ontario's recent mandate to freeze conservation authority fees has significantly hindered their capacity to deliver essential services;

And whereas Conservation Authorities are now expected to process an increasing volume of permit applications under a fee structure that remains frozen, despite rising costs of living and wage pressures, further compounding operational and fiscal challenges;

And whereas municipalities are increasingly compelled to absorb the resulting financial shortfalls, leading to unsustainable downloading of costs onto local taxpayers;

And whereas the intent behind the provincial fee freeze was to reduce development-related expenses and accelerate housing supply;

And whereas this policy has inadvertently shifted the financial burden from a user-pay cost recovery model to the municipal tax base, thereby straining local budgets and compromising the principle of fair and equitable funding;

Now Therefore, be it resolved that the Council of the Town of Plympton-Wyoming urges the Province of Ontario to reconsider the fee freeze mandate and to implement a funding framework that protects municipal taxpayers from cost recovery deficits, while supporting a sustainable and balanced approach to conservation authority financing.
