Notes/Comments:	

On behalf of the Council of the Township of Nairn and Hyman, I am writing to formally convey Council's support for recent federal measures aimed at stabilizing and strengthening Canada's steel and softwood lumber sectors.

As a small Northern Ontario municipality whose economy is closely tied to the continued operation of Interfor, a local softwood lumber mill, Council is increasingly concerned that ongoing trade pressures and market uncertainty are placing added strain on the long-term viability of this key employer. Any reduction in operations or a potential closure would have significant and lasting consequences for local employment, municipal revenues, and the overall economic and social wellbeing of our community.

In this context, and in response to the Federation of Northern Ontario Municipalities' November 26, 2025 media release, Council adopted the enclosed resolution at their meeting of December 8, 2025:

SUPPORT FOR STEEL AND LUMBER SECTORS

RESOLUTION # 2025-14-247

MOVED BY: Karen Richter

SECONDED BY: Wayne Austin

WHEREAS the Federation of Northern Ontario Municipalities (FONOM) has issued a media release dated November 26, 2025, welcoming the Government of Canada's new measures to support the steel and softwood lumber sectors in response to ongoing U.S. tariff pressures; and

WHEREAS the federal actions—including strengthened protections for domestic producers, expanded financial supports, and increased incentives to utilize Canadian steel and lumber in federal infrastructure and housing projects—represent important steps in stabilizing industries that are vital to Northern Ontario's economy; and

WHEREAS municipalities across the North continue to experience the economic impacts of industry closures, including the recent shutdown of Domtar a pulp and paper mill in the neighboring Town of Espanola, which has demonstrated the vulnerability of resource-dependent communities and the need for coordinated intergovernmental support; and

WHEREAS the Township of Nairn and Hyman recognizes the significant role of Interfor, our local soft-wood lumber mill, as a major employer and economic anchor in our region, and further recognizes that any threat to its continued operation would have devastating consequences for workers, families, and local businesses; and

WHEREAS the Province of Ontario has a shared responsibility to ensure the long-term sustainability of the forestry, lumber, and steel sectors, which are foundational to the economic wellbeing of Northern and rural communities;

NOW THEREFORE BE IT RESOLVED THAT Council of the Township of Nairn and Hyman commends the Government of Canada for its leadership and for implementing substantial measures to support Canada's steel and softwood lumber industries during this period of trade volatility; and

BE IT FURTHER RESOLVED THAT Council respectfully urges the Government of Ontario to introduce additional financial, regulatory, and policy-based supports to ensure that Ontario's steel, forestry, and lumber sectors remain competitive, resilient, and able to withstand ongoing international trade pressures; and

BE IT FURTHER RESOLVED THAT Council specifically calls upon the Province of Ontario to work directly with industry stakeholders, including municipalities and major employers such as Interfor, to create programs and investments that will help protect jobs, maintain production capacity, and support long-term industry growth in Northern Ontario; and

BE IT FINALLY RESOLVED THAT a copy of this resolution be forwarded to the Prime Minister of Canada, the Premier of Ontario, the Minister of Natural Resources and Forestry, the Minister of Northern Development, FONOM, MP Jim Belanger, MPP Bill Rosenberg and all Ontario Municipalities.

CARRIED

Sincerely Yours,

Belinda Ketchabaw
CAO Clerk - Treasurer

All Ontario Municipalities

FOR IMMEDIATE RELEASE

November 26, 2025

**FONOM Welcomes Federal Support for Steel and Lumber Sectors
Impacted by U.S. Tariffs**

Northeastern Ontario – The Federation of Northern Ontario Municipalities (FONOM) welcomes today’s announcement by Prime Minister Mark Carney outlining new federal measures to support Canada’s steel and softwood lumber industries, which continue to face unprecedented challenges due to aggressive U.S. tariff actions.

The federal plan includes strengthened protections for domestic producers, expanded financial supports for companies facing liquidity pressures, and new incentives to increase the use of Canadian steel and lumber in national infrastructure and housing projects. These measures aim to stabilize sectors vital to the economies of many Northern Ontario communities.

Prime Minister Carney announced that Canada will significantly tighten tariff-rate quotas on foreign steel imports, opening an estimated **\$850 million in domestic demand** for Canadian producers. In addition, the federal government is allocating **\$500 million in new financing** for softwood lumber firms, paired with a further **\$500 million expansion** of the Business Development Bank of Canada’s softwood guarantee program.

FONOM is encouraged by the federal government’s recognition of the pressures facing Northern resource-based communities, where steel and lumber operations support thousands of jobs and anchor local economies.

“These measures acknowledge what Northern Ontario has long understood — that our steel and lumber sectors are national economic pillars,” said FONOM President Dave Plourde **“U.S. tariffs continue to destabilize communities across the North, and today’s announcement provides needed tools to help our workers and industries adapt, compete, and grow.”**

FONOM also welcomes the federal commitment to **reduce interprovincial freight rates by 50 per cent** for steel and lumber shipments beginning next spring. Lower transportation costs will help Northern producers access new domestic markets and move product efficiently while north-south trade remains constrained.

As part of the plan, the federal government will also advance the **Buy Canadian Policy**, ensuring that major defence, construction, and infrastructure projects prioritize Canadian steel, aluminum,

and wood products. This aligns strongly with FONOM's longstanding advocacy for procurement policies that support Canadian jobs and supply chains.

"Keeping Canadian dollars working in Canada is essential," added the President. "These steps will create new demand for made-in-Canada materials while helping stabilize communities affected by unpredictable U.S. trade actions."

FONOM looks forward to continued collaboration with federal officials to ensure the timely rollout of these programs, and to ensure that Northern Ontario municipalities and industries can fully benefit from the measures announced today.
