To whom it may concern,

**Re:** Support from Durham Catholic District School Board for the Durham Greener Buildings (DGB) Program – Phase 2

The Durham Catholic District School Board (DCDSB) is pleased to express its strong support for the Regional Municipality of Durham's proposed continuation and enhancement of the Durham Greener Buildings (DGB) Program for the 2026–2029 period. We recognize the significant positive impact that the program has made since its launch in 2024, particularly in strengthening energy and water benchmarking, improving data quality, and building capacity across the broader public sector.

DCDSB looks forward to continuing our partnership with Durham Region through Phase 2 of the program. Our support may include participation in outreach and engagement initiatives, sharing data and best practices, aligning our internal sustainability efforts with regional objectives, and engaging in program activities that advance benchmarking-to-action pathways.

We value Durham Region's leadership in advancing a low-carbon, high-performance building sector and appreciate the ongoing collaboration with utilities, non-profit housing providers, and public-sector partners. We are confident that the continued implementation of the DGB Program will contribute meaningfully to environmental stewardship, operational efficiency, and community well-being across the Region.

Should you have any questions or wish to discuss future collaboration, please do not hesitate to contact me at [Scott.Grieve@dcdsb.ca](mailto:Scott.Grieve@dcdsb.ca) or 905-576-6150 ext. 22353.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Grieve".
